The International Conference on Tourism & Sustainable Development Goals

The International Conference on Sustainable Tourism is an annual event organized by the CUHK since 2012. This year's conference will explore the relationship of tourism with the 17 Sustainable Development Goals formulated by the UN in its 2030 Agenda. By supporting innovative research and promoting the exchange of academic dialogues, the conference aims to instigate debates on the critical role of tourism in contributing to the SDGs and advancing global development.

Conference Details:

Date: 16 – 17 May 2019 (Thu – Fri)

Time: 08:30 – 18:00

Venue: The Chinese University of Hong Kong

Language: English

Conference Topics:

The Conference Organizing Committee welcomes contributions to any topical areas in the field of tourism research, and is particularly seeking contributions to the following areas:

- Eliminating poverty by sustainable tourism
- Ensuring food security & sustainable agriculture by tourism
- Promoting health, well-being & quality of life by tourism
- Connecting education & lifelong learning opportunities with tourism
- Achieving gender equality & empowering women in tourism development
- Protecting land & water resources in tourism development
- Ensuring accessible, affordable, reliable & sustainable energy use in tourism industry
- Promoting sustainable economic growth at tourist destinations
- Building resilience & stimulating innovation in tourism
- Reducing inequality & overdependence in tourism development
- Integrating sustainable cities & tourism
- Ensuring sustainable consumption & production patterns in tourism
- Combating climate change & its impacts on sustainable tourism
- Conserving oceans, seas & marine resources for sustainable tourism development
- Protecting, restoring & promoting sustainable use of terrestrial ecosystems in tourism development
- Promoting peaceful & inclusive societies for tourism development at all levels
- Strengthening global partnership for sustainable tourism development
